

My name is Martine Thomas and I am the newest member here at Rainbows nursery.

I have spent a lot of my working life caring for Adults with Dementia. It has always been a dream of mine to work with children, so when I applied for the position as a Nursery Assistant at Rainbows and was lucky enough to be offered a position I was over the moon!

Although I have only been part of the Rainbows team for a short time, I've very much enjoyed getting to know every child and I'm excited for the future.

**About me:**

I love spending time with my family, I have a Husband, two Daughters and our family dog - A Pug named Billy.
